GRAFF
ESTATE

ICON COLLECTION

Limited Release

~

An icon is defined as a person or thing regarded as worthy of veneration. In the oenological context it refers to a wine which is of such notable and consistent quality it stands as a leader in its field. The Delaire Graff Icon Range strives for a reputation with longevity. The resulting portfolio, a range of wines worthy of admiration, all having received awards which stand at the pinnacle of their categories.

From the beginning, these wines are crafted with intentional practice, the vision of perfection deciding every step of the process. Site selection dictated to showcase the specific terroir of their micro-region, vines managed with the intent to capture their unique essence within each bottle. The practice demands a restrained hand; a subtlety to the intervention, deceptively simple, guiding the natural process to find harmony in their expressive balance.

To Graff, an uncut diamond is nature's legacy, waiting to weave its tale at the hands of the master craftsman. Much in the same way, the grapes hold a story which can only unfold at the hands of a master winemaker whose respect for the heritage of the craft defines his ambition. Executed with patience, careful restraint and clear vision, the Delaire Graff Icon Wines are a testament to their maker's obsession with perfection.
